

THE MOUNT MASSIVE

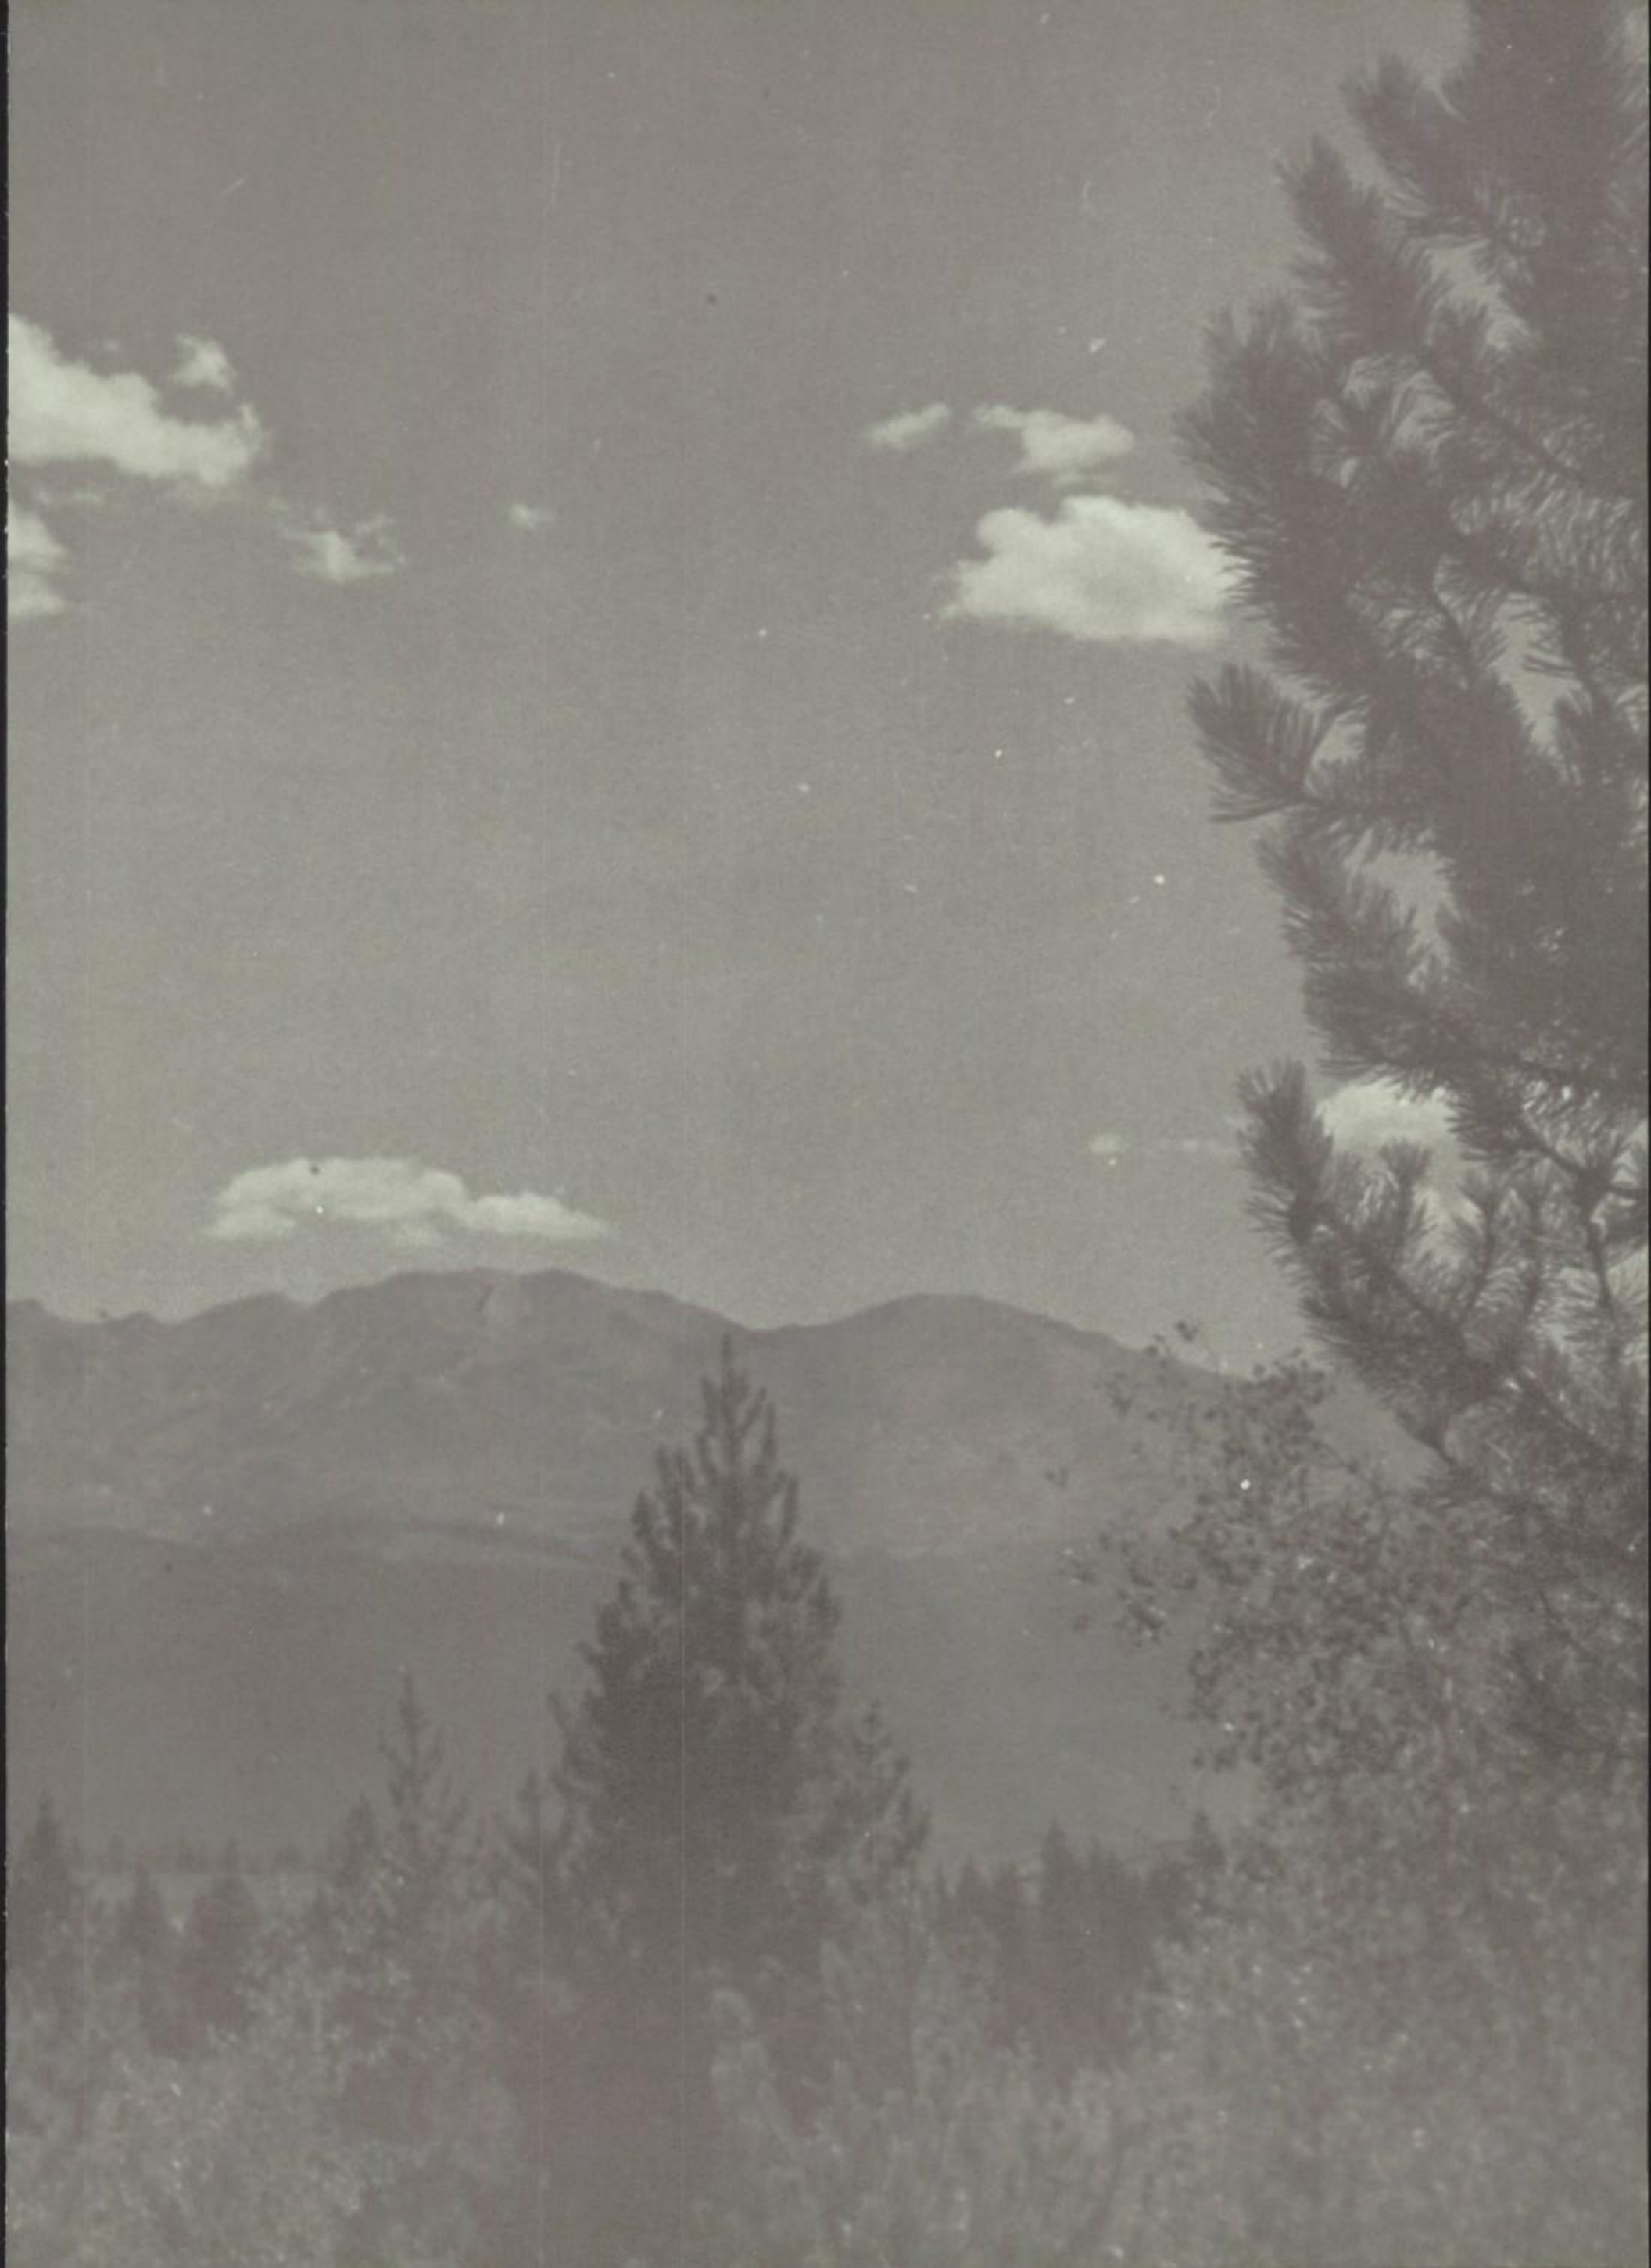

*Sentinel*

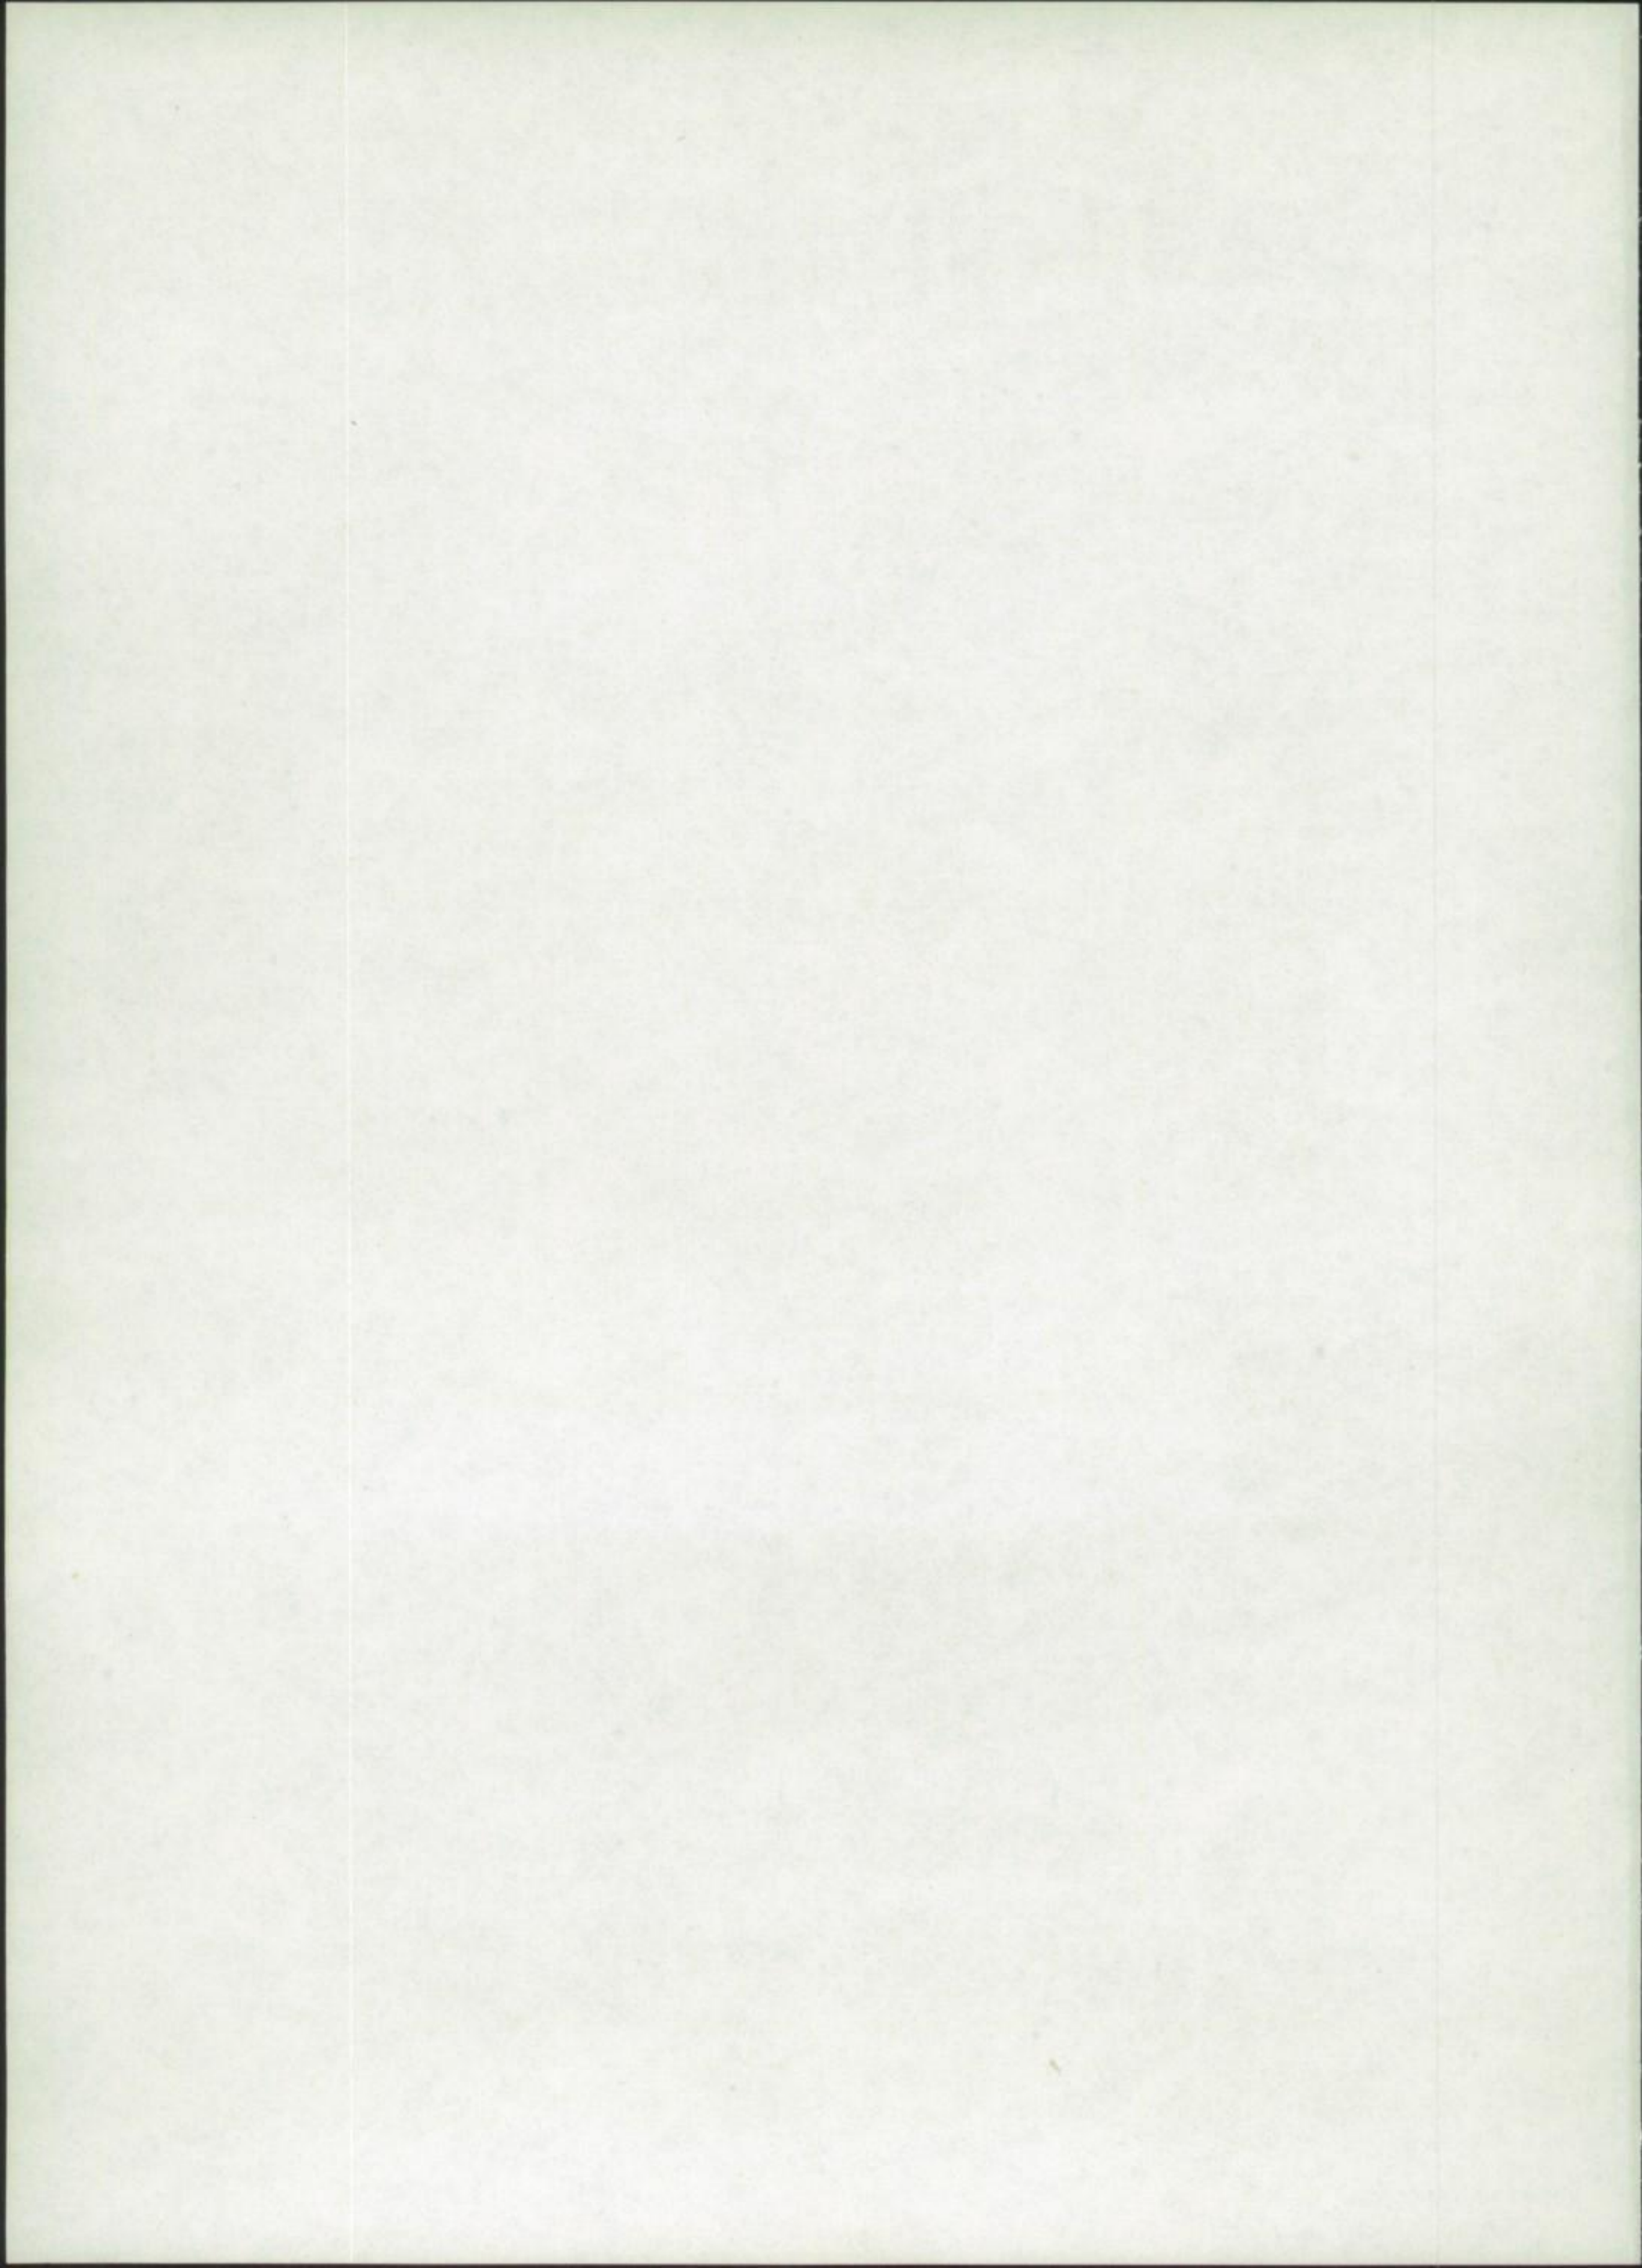

1958

# Mount Massive Sentinel

## 1958

Leadville Senior High School

Leadville, Colorado

# FOREWORD

. . . Words are things, and a small drop of ink,

Falling like dew upon a thought, produces

That which makes thousands, perhaps millions, think.

-Byron-

# DEDICATION

We, the graduating class of 1958, are deeply honored by this opportunity to express our appreciation to Dr. Joseph C. Weber for his work, not only in the community, but in the state as a whole.

During the past three years he has taken time out to help us and has been included in our tasks. We think we have come to understand him probably better than any class before us. Therefore, it is with the deepest pride that we dedicate the 1958 MOUNT MASSIVE SENTINEL to our Superintendent, Dr. Joseph C. Weber.

# Class Song

TUNE: The Bells of St. Mary's

The memories of past years this day we're recalling,  
The happy times we spent in youth at Old Leadville High.  
The spiraling mountains to us will re-echo,  
The words of those who 'fore have trod these valley floors.  
The howling of zephyrs, the snow in the meadows,  
Refrain old acquaintance we long to recall.  
When through our bright futures we then are rememb'rin'  
The happy days of youth-tide spent in Leadville's Hall.

By--Rolland Shubkagel, Terry Kelly

# Class Motto

"The Burden Becomes Light When Cheerfully Borne."

# Class Flower

Pink Camellia

# Class Colors

Coral and Silver

# Class Poem

We the Seniors of "Fifty-Eight"  
Step forward now to meet our fate,  
We leave now, with a tear and a sigh  
For the carefree days that have now passed by.

Though we've all had joys abounding,  
Each has had sorrow, too.  
And the mountains seemed symbolic  
Of that which was basically true.

That along with the quick and eager,  
Besides those who revel and play,

There must be those of the "backbone"  
Who labor in their own silent way.

For though it must have leaders,  
The world needs followers, too.  
It begs for both the brain and brawn,  
Those who think and those who do.

To L.H.S. we owe our thanks and hearts,  
And with these thoughts we shall depart.  
The height that we have now obtained,  
Is but one step in our life's reign.

UNEDUCATED SET

# REMNANTS

I, CAROL ALBERTSON, leave my ability to brighten up a party to Joe Lochnikar. Maybe you won't be so quiet and shy, after this, Joe!

I, RONNIE ANDERSON, leave my well-worn path to Mr. Thomson's office to Mary O'Leary. Don't use it as often as I did--there's no future in it.

I, ART BACA, leave my ability to play basketball to Larry Pelc. Now that you can run twice as fast and shoot twice as well as one player, Kuhn has State Championship in the bag again, hasn't he, Larry?

I, ESTHER CHEESEMAN, leave my ability to walk fast in cold weather to Jo Betty Bogle. It's warmer inside!

I, GEORGE CONKLIN, leave to the Faculty, Giant packages of Miles Nurvine in the hope that this will help them recover their equilibrium after the departure of us "dearly beloved" Seniors.

I, BEVERLY COOK, leave to Mr. Springs and the Band, peace and quiet from my interruptions.

I, CHARLES DAL PIAZ, leave my chin whiskers to anyone who can't grow them!

I, JANICE DAVIDSON, leave the good times I have had to the Underclassmen on condition that they enjoy them as much as I did.

I, NEAL DAVIES, leave my gift of gab to Carol Pullman. Use it sometimes, Carol!

I, ROQUE DeHERRERA, leave my nice pleasant way to Craig Meredith and the rest of the Sophomores. After all, you have a few years to grow before you can run the world, Sophs!

I, TERRY DOUGLASS, leave my ability to tamper with a car to Francis French. Long may you walk, Francie!

I, JACK DWYER, leave my ability not to talk back to the refs to Gary Koepping.

I, BARBARA EVANS, leave my pep to Jimmy Jenkins. This, with a bowl of Wheaties, each day, should bring SOME results. (Heaven help the faculty!)

I, FRED FABIAN, leave my "little white lies" and my book of phone numbers to Harkless Rochelle. Use them as wisely as I have, Hark.

I, AGNES FAIDIGA, leave my cheerleading ability to Iva Dantoni. With your talent and this added touch, you'll have it made, gal!

I, BILL FRANK, leave to Walter Finch the name Finkelstein and authorize the use thereof.

I, LeROY FREEMAN, leave the wad of gum under the fifth seat of Row One in Miss McMahon's room to John McGuire. Here's for continued chewing, John!

I, DORA GARCIA, leave; and I leave behind, Dorothy Maes. I wish you could come too, Dorothy!

I, DONNIE GIBSON, leave my wavy hair to Jimmy Burger. Thus you have positively everything, Jimmy! Good luck!

I, ARDYCE GILNA, leave my job as cashier, to Marilyn Faidiga. Now you will know what it feels like to be a goldfish!

I, DALE GOODNIGHT, leave my four good tires to Leo Champion. See how good I am, giving you something to do with your SPARE time, too, Leo!

I, JOE GORNICK, leave my weakness for women to Bill Petey. You, too, can keep them guessing now, Bill!

I, EDDIE GURULE, leave my artistic talent to Leroy Heiter. This, together with Gertie's knitting needles, should produce some astounding creations for Uncle Isaac. He'll love you more than ever!

I, JOLENE HENDERSON, leave Mr. Pratt the ability to be nice to office girls. They're really human!

I, LEE ROY HESSINGER, leave my Car (?) to Elva Jean Vidick. Now you can learn to drive like I do. (HEAVEN FORBID!)

I, MARIANNE HIBSCHLE, leave my feet to anyone who wants them. They just won't stay out of people's way--and my mouth!

I, JAMES IRWIN, leave my safe driving ability to Joann Stevens. Look out, you poor pedestrians!

I, BILL JACOBSON, leave my ability to play hookey, and not get caught, to Gingie Stout! This is an art, Gingie!

I, BILL JOXEN, leave my collections of postage stamps, postmarks, milk bottle tops, and soap wrappers to Pat Peschel. Aren't you thrilled, Pat?

I, BILL KEATING, leave my red hair to Tommy Roberts. Now Sarah--Catherine--Elizabeth won't need a wig.

I, TERRY KELLY, leave my angelic ways and language to Michie Halkett. L.H.S. couldn't get along without these--and I'm sure you'll appreciate them, Michie!

I, NOREEN KERRIGAN, leave my freckles to Barbara Carson; freckles are a sign of beauty. Whoops! I think I might need them--she doesn't!

- I, CAROL KISSINGER, leave my long curly hair to Barbara Craven. Won't I look funny without it, Barbara!
- I, JUDI KLUCK, leave my ability to enjoy life to Rose Marie Strell. Now you'll be able to talk--look--glisten all at the same time as all live Seniors do!
- I, SUSAN KORNEGAY, leave my ability to chew gum undetected to Jean Drobnick. It's hard on the stomach, Jean!
- I, JUNE LAKE, leave my height to Donald Conyers.
- I, CHARLES LASLEY, leave my ability to hunt to Dean Gordier. Just make sure it's FOUR-legged, Dean!
- I, AL LEYBA, leave to all the underclass pupils this beautiful school building, all the nice teachers included, so that they may study hard, learn a lot--and have a lot of fun!
- I, PENNY LUTON, leave my class meeting fights to the on-coming Seniors. It doesn't pay to be agreeable!
- I, RICHARD MALMGREN, leave to Chuck Jackson, my quiet and studious ways. Remember ALL comes to the lover, Chuck.
- I, DONNA MARRS, leave my bookkeeping ability to the future bookkeepers. I hope it helps!
- I, JEAN MELDRUM, leave my dimples to Pat Smith. Now you can be just twice as "dimpley."
- I, BERNICE McKITTERICK, leave Leadville High, and head for St. Louis.
- I, JEAN ANN MILLER, leave my Geometry book to anyone who wants it. Make good use of it, Kids!
- I, JEAN MOTZER, leave my Raisin Bran to Steve Lani. It's great for those muscles, Steve!
- I, LOIS NELSON, leave my laughter and happiness to anyone who needs it; it will get you into or out of anything!
- I, RICHARD O'CONNELL, leave my typing ability to Marge Vidmar. H.P. and C., kid; H.P. and C! (Hunt, peck, and cuss!)
- I, ANN JEAN PODERZAY, leave my ability to flatter properly and promptly to Louie Heinz. They say flattery MAY get you somewhere--let me know where it gets you, Louie!
- I, LOUIE RICKARD, leave to Tuffy Gray, my old wreck. The big advantage of owning it is that it is always running out of gas at the most opportune times!
- I, SUELLA ROBERTS, leave my straight A's in Chemistry to Bonnie Davies. I'm sure they'll come in handy some-time, Bonnie--I don't know what for--but I'm SURE they will be very handy!
- I, CHARLIE ROMAINE, leave all my Brownie points to Mrs. Frank for further re-distribution.
- I, ROLLAND SHUBKAGEL, leave my serious ways to Mr. Wixon. Stick strictly to the unvarnished truth as I do--you'll be amazed at the results--and so will everyone else!
- I, FRED SLIFKA, leave my manners to a few of the Sophomores. You should respect your elders at all times!
- I, EDDIE SMITH, leave my ability to hit Lawyer's houses with a Ford to Toni McElroy. Believe me, it isn't worth It!
- I, CHUCK SOBER, leave my curly BLOND hair to dark-haired Janice Ponikvar.
- I, PAT TREVETHAN, leave my long pony tail to--Well, maybe I better keep it. It comes in handy for swatting pesty people at times.
- I, KENNY TRITZ, leave my seniority in Senior High to Bobby Tinkle. Maybe this will help, Bobby.
- I, MARIA TRUJILLO, leave to Tessie Lopez, my grown-up ways. They come in handy at times, Tessie!
- I, WALLY TUCKER, leave my job as manager of the "A" squad to Tommy Marrs. Don't let them work you too hard, Tom!
- I, MADELINE VIDETICH, leave my ability to look angelic, speak sweetly--and still be a gangster's moll to Barbara Romaine. Won't you have fun being a perfect maid--and moll--as I was, Barbara!
- I, JO ELLEN WEBER, leave, and take with me beautiful memories of my high school days. College, here I come!
- I, WILLIAM WIXON, leave my great ability to spell to Mrs. Frank so she can help the unfortunate.
- I, RAY ZAMPEDRI, leave my basketball glasses to Johnny Larsh. You see, Mr. Kuhn, we're making SURE you'll get to State again!

To the Board of Education that has so generously provided for us these last three years, we hereby bequeath all the broken window panes and chairs, the finger prints on the walls, the ink stains on the floors and desks, these same to be held in trust for the succeeding grades.

To our highly esteemed Superintendent of Schools, Dr. Joseph C. Weber, we bequeath the new book of rules that this present class has labored over so faithfully for the past months; said book containing provisions for an increase of holidays to one, bi-weekly; changing the hour for opening of school to ten o'clock instead of nine, and closing at two, with two recesses to 59 minutes each. Said book also recommends the purchase of a silver tray, on which the credits of promotion shall be PRESENTED to the pupils--instead of the old way of expecting pupils to STUDY for them!

To our much-loved teachers, each and everyone, we bequeath a liberal yearly annuity of examination papers to grade, note-books to correct, and averages to make.

To the library we bequeath all the detective stories, Wild West magazines and other junk we prized so highly and read so carefully all year.

To the Junior class, we bequeath our old seats, with the writing thereon; our lockers which will not lock; our old books with most of the leaves loose or gone; all the mistakes we made; and all the knowledge we failed to learn.

# # 1978

(We find Mrs. FRANK, happily retired, in her mountain cabin. She is now sitting on her front porch rocking and enjoying the wonderful mountains. These mountains remind her so much of her Senior Class of '58 because they chose "Mountains" as their theme for their annual. As she thinks about those days, she falls asleep. In her dream these Seniors appear in their present occupations.)

CAROL MAE ALBERTSON and DALE GOODNIGHT were married. They are now, for a honeymoon, going around the world through the stratosphere and will come home the day before they start.

RONNIE ANDERSON is now teaching safety driving lessons in kindergarten. Ronnie always did display his perfect knowledge in safe driving.

JUDY ARNOLD conducts a correspondence course in non-fattening delicacies for Tea Room proprietors. Judy weighs 68 pounds now. It helps!

ARTHUR BACA was elected to Congress, and is working to have a bill passed repealing the law of gravity. He hates to be held down.

BETTY LOU CERISE has established a law practice in Paris, Texas, and is also happily married, thus proving her ability to have her cake and eat it, too.

BOB CERISE is a famous doctor in a New York Hospital. He cured a girl who hiccuped for 59 days. Bob told her one of his favorite stories! He's always been quite a character!

ESTHER CHEESEMEN is now an O.T.R. in South Africa. She is working there because that's where her relatives are. GOBLAMZBR!!!

GEORGE CONKLIN now owns Conklin's Fish House and is importer and dealer in fancy fish for pools and aquaria. (Poor fish!)

BEVERLY COOK has her own bread route on the moon. Incidentally, the bread is made from green cheese!

NEAL DAVIES has liquefied the hot air that arises from legislative halls and used it to frost electric lights. Such a profitable business you never did see!

JANICE DAVIDSON runs a unique gift shop carrying suitable presents for people you dislike!

TERRY DOUGLASS has his new space rod factory producing the new model X-3111210 Space Rod. Everyone with a desire for the "best" has one of Terry's specials!

BARBARA EVANS is now designer for pink, green, orchid, and gold bathrooms for movie stars. She is planning to expand her business and even hire help.

FRED FABIAN is spending his life raising ostriches, to supply the musical comedies on TV with chorus costumes. Some of these are actually stupendous!

In New Yankee Stadium we find AGNES FAIDIGA, who's the Yankee's exclusive team nurse. Agnes cares for the injured Yankees and she couldn't be happier, 'cause she finally got to see "HER" Mickey!

BILL FRANK has made a large fortune as the inventor of a collapsible kitchenette, which can be carried around in the pocket, slid under the bed, or shut up like an accordion and hung on the wall!

LEROY FREEMAN is a designer of stuffed animals for the nursery population. You must admit this designing craze pays off!

DORA GARCIA is employed by C.U. to determine I.Q. of incoming students. Does I.Q. mean "ignorance and queerness" of each prospect?

DONNIE GIBSON is on a yacht in Hawaii with BILL JOXEN, living a life of leisure. Rumors report that Donnie "borrowed" the yacht from a Japanese general and Bill moved in to take half the blame!

DONNA MARRS is county librarian in a remote section of our Rocky Mountains where few people are on the level. Sounds interesting, huh?

JEAN MOTZER, JACK DWYER, and NOREEN KERRIGAN are currently touring Siberia as the International Association of Professional Mourners. They report that business is booming. The trio made a flying trip back from Siberia just in time to see our glorious life-saver, JEAN MELDRUM, go down for the third (and final) time.

LOIS NELSON has become a designer for school and office wear which can be donned in one second, with a nose powdering thrown in for good measure. By this benefaction, Lois has saved mankind from having to wait for the ladies to get ready.

RICHARD O'CONNELL has gained distinction as agent for a portable vest pocket atomizer, which deals death to an approaching mosquito or microbe.

ANN JEAN PODERZAY is now one of the world's top leading surgeons in New York, for she now brings the dead back to life. Pump the fluid to US, Annie!

Among other inhabitants of the moon is SUELLA ROBERTS, who is operating her own Radio Station. Her specialty is broadcasting safety lessons to all little space children. --r--3.. / Listen to those radio signals!

The new owners of the Atlantic Ocean are BERNICE McKITTRICK and MADELINE VIDETICH. Their speciality is deep sea diving. Recently Bernie found a huge pearl and Matzi analyzed it, only to discover its contents were--JELLY!

ROLLAND SHUBKAGEL is the head superintendent at Climax. The poor fellow doesn't realize that Climax shut down 15 years ago, but, nevertheless, he does have the position!

FRED SLIFKA is a lumberjack in the petrified forrest. Fred has but one complaint--they don't make axes like they used to.

CHUCK SOBER is a seamstress in the Cinderella Shop. He's best noted for his skill in making velveteen space suits for all the formal balls.

On Donnie's and Bill's yacht, two more members of our class of '58 are cruising in the deep blue. EDDIE SMITH left his winter resort in Switzerland to be with his buddies, and KENNY TRITZ is demonstrating his culinary talents as chef on the yacht.

MARIA TRUJILLO has found success in the Waves. She joined right after graduation and is now a 46-star general. It's not what you know, it's WHO you know--so, all of you who know Maria, certainly know the right "Who"!

PENNY LUTON and PAT TREVETHAN are in the midst of deep, dark Africa. They decided to follow their husbands through thick or thin--and this is where they are! Penny is working for the Public Service Company, helping to light up the place, and Pat is busy planting fish in the Congo River.

RICHARD MALMGREN is on PICNICK, the U.S.'s new artificial planet, with his own ski team--the Terrible Termites. Strangely enough, PICNICK even has snow!

JIM IRWIN is Naval Chief of Staff in the Pentagon. He has complete charge of the Wee Willie Winky Sailboat Club which boasts of 1,000 members.

We find CHARLIE ROMAINE still hoping to be happily retired in 2004. Maybe 26 years from now, your dream will come true, Charlie. Just remember, practice makes perfect!

In the sports world we find CAROLE CHARLES, ARDYCE GILNA, SUZI KORNEGAY, and JUDY KLUCK, who have combined skill and effort as the Arkansas Traveler's basketball team. Carole is star forward on the all-girls team, Judy is the manager, and Suzi is the coach. Since Ardyce was always well-experienced in handling finances, they decided to let her handle all their money. The girls are planning a trip back home to give a free exhibition of their skill, thus combining business with pleasure.

We find WALTER TUCKER is floating around in space. His attempt to be with the rest of the gang on the moon backfired; he forgot his space ship!

EDWARD GURULE and ROQUE DeHERRERRA have formed a partnership in a color book factory. In their spare time they get a big bang out of coloring their own pictures. More fun!!

JOE GORNICK is now seen patrolling the national forests on PICNICK. He cuts down the trees to make the skis for Richard's ski team.

JOLENE HENDERSON has set up a very unusual business--she has undertaken the work of making straight hair straighter and curly hair curlier. She has found that all women like to be different--as if that were a new theory!

LEE ROY HESSINGER is president of the Draftsmen of canine Society, a group which sends canines overseas to aid the St. Bernard dogs in their life-saving activities. Lee Roy always did like to help people!!

MARIANNE HIBSCHLE is touring Europe as an actress. She brought down the house in all the capitals of Europe, thus making lots of work for carpenters and architects, rebuilding theaters.

BILL JACOBSON has his own satellite and he's put a special name on it--Roddin' Wolf.

CHARLES DAL PIAZ is an expert worm hole manufacturer for a firm of antique dealers. (Pretty wormy!)

TERRY KELLY is a beauty parlor operator whose future is menaced by the unfair damage claims of his many feminine patrons who have been persuaded to use a skin food he invents, and which leaves many of them with disfiguring scars. That is, if you consider polka dots disfiguring!

BILL KEATING is now running around the Capitol in Washington, D.C. in his tank delivering messages for the President--ELVIS! Bill decided that he had to work close to his idol!

CAROL JUNE KISSINGER installs radios in refrigerators; she has a theory that foods chilled to the tune of proper wav. lengths will promote harmony in the human system when devoured. Good-by, indigestion!

LOUIS RICKARD is Santa's chief helper. His job is to psychoanalyze everyone so that Santa knows which gift to give to whom. Louie's part in our Junior play proved him worthy of this job.

WILLIAM WIXON has set up shop as an inventor. He is trying to invent a computer which tells how many raindrops fall in a "jiffy".

Among other inventors of the class of '58, is CHARLES LASLEY. He is extremely wealthy through the invention of a silencer for back seat drivers, which is manufactured for distribution by Sears, Roebuck and Company. This is really cheerful news for drivers!

RAY ZAMPEDRI has found a formula for stopping the mouths of gossips and so is revolutionizing society. HurRAY for Ray!

JEAN ANN MILLER and JUNE LAKE are the famous nurses who perfected the "Squirtilion" system for injecting learning into the brain with a hypodermic needle, so that teachers may have almost 12 months' vacation annually!

ALFRED LEYBA has discovered a new kind of food that grows without water and is already cooked--they grow in the Sahara Desert only. This is a jim-dandy--if you live there!

JO ELLEN WEBER has invented collapsible, adjustable, expendable, and disposable false teeth. Maybe a mouse trap wouldn't bring a path to your door, but these teeth certainly did!

(When all the Seniors have passed through Mrs. Frank's dream, a cool mountain breeze comes along and awakens her. She looks up, wondering whether her Seniors are really doing what she dreamed.)

The class of 1958, the first class in the history of the Leadville school system to do so, spent its Freshman year in the new Junior High, and entered Leadville High as Sophomores.

When, in the fall of '55, eighty-seven of us entered upon the arduous ascent to graduation, the road we beheld was rather narrow and full of steep grades to be surmounted. We were, it appeared, to be the trail-breakers of a new and better system of education. We therefore welcomed the skillful guidance and intercession of Mrs. Linnea Frank, our class sponsor.

As Sophomores we selected Charlie Romaine, president; Jean Motzer, vice-President; Jack Dwyer, treasurer; Agnes Faidiga, secretary; Bill Frank, historian; and Jean Meldrum and Bill Jacobson as our student council representatives.

Several highlights of our Sophomore year stand out particularly well in our memories.

In our first assembly we taught the Juniors and Seniors to tell the truth in a skit called "The Lie Detector"; we also gave them the facts of life, free of charge, in "A Woman" and in the "Ways of a Woman". We later presented parts of the assembly program in the A.A.U.W.'s "Cloud City Capers" and in an exchange assembly with Alamosa.

Later, defying superstition, we held a good and bad luck party for the school on Friday the thirteenth at thirteen minutes after eight o'clock. The party was acclaimed a great success.

We won the recognition of the entire school as a result of defeating the Juniors and Seniors in both boys' and girls' divisions of the inter-class ski meet. We were also very proud of our skiing champion and coach, Richard Malmgren, who placed in the Junior Nationals at New Hampshire.

When our Junior year came upon us in 1956, we were anticipating a very active year. With Mrs. Frank as our sponsor once again, we determined to make our Junior year the height of success. As our leaders we chose Terry Kelly, president; Agnes Faidiga, vice-president; Jack Dwyer, treasurer; Bob Cerise, secretary; Bill Frank, historian; and Jean Meldrum and Donnie Gibson, our student council representatives.

Our first major activity was the presentation of our class play. Having chosen ONE DELIRIOUS NIGHT, we determined to make the three-act comedy a great production. We did not labor in vain, for we sold out both nights and were praised for one of the best performances in the history of Leadville High. Today as we look back on this play with many worthwhile memories, we can count it as one of the mile-posts on the high mountain of Accomplishment. Here, too, Mrs. Frank's tireless and unceasing assistance proved invaluable to us.

Another high point in our high school career was the choosing of our class rings, which we did unanimously. We then waited anxiously until, on February 28, we received them with much happiness and joy, and proudly acknowledged Mrs. Frank as a member of our class by presenting her with a "Sweetheart" ring of her own.

Then, as our Junior year drew to a close, we presented for the Seniors, as our best production, our Junior-Senior Prom. We chose "Aqua Fantasia" as the theme of our Prom and let originality and artistic talent, coupled with enthusiastic labor, reign supreme in Neptune's Court that night of May eleventh, as we danced among the beauties of the sea. Since every one of us did his very best to make that Prom a success, we will always consider it the best ever presented, and the climax of a very thrilling year.

Finally, when vacation rolled to a close, we, the class of '58, entered good old Leadville High as the top class, the Seniors. This year, we knew, would be the most active of all, and we intended to make it a grand and fitting peak of our high school years.

As we once again welcomed back our faithful sponsor, Mrs. Linnea Frank, we chose our most capable members for our leaders. We selected as our president, Jack Dwyer; vice president, Janice Davidson; treasurer, Terry Kelly; secretary, Richard Malmgren; historian, Bill Frank; and student council representatives, Bernice McKitterick and Joe Gornick.

Scarcely had we started school when we began preparations for our Senior Fair. We decided to use a "Fair of the Worlds" theme, which later seemed most appropriate when, on the first day of the Fair, Russia shot its first Sputnik into the heavens. No one could accuse US of lagging behind the Russians!

As men and women in assorted costumes from Jupiter, Pluto, Venus, Saturn, etc., assembled in gaily decorated booths to offer their wares to the public, grown-ups and children alike toured the long-hidden kingdom of Pluto, king of the underworld, with Mrs. Frank keeper of the gates. This gathering of our conquered realms of both space and hades proved a great success, for we broke all records in the accumulation of profit.

We then cruised more or less serenely through our year of study, work on the Annual, and extra-curricular activities. We held a highly enjoyable all-school party, had a most successful year of sports, and participated in everything energetically, efficiently and enthusiastically.

On our Slouch Day, held February 18th, and on Skip Day, we kept to our constant scheme of enjoying ourselves thoroughly.

Today, as we look back on our high school years, there are no regrets, for we did our best and had lots of fun doing it. And although we have many memories of a successful high school career, we will always remain true to the standard we have set up for ourselves and continue to do our best; for we know it is not possible to live on yesterday's merits.

Tomorrow we shall enjoy a trip to Glenwood Springs, and upon returning, prepare for Baccalaureate services Sunday. On Tuesday, we will finally achieve the goal we have so ardently desired in our high School years. Then, determinedly united as ever, we will prepare to assume our share of the burdens of life, so that we will continue to live the motto which we have thus far fulfilled: "The Burden Becomes Light When Cheerfully Borne." Cheerfully have we always borne it, and cheerfully we will always continue to bear it, no matter how heavy it may sometimes seem to be.

Mmmmmmmmm!

Working hard!

The Juniors were very happy about winning first prize at the Senior All-School party. Our skit was entitled "Dances Through the Ages."

Attendants for the Mardi Gras were Patsy Peschell and Chuck Jackson.

The Junior Sock Hop was held on November 8. There was a very good turnout and everyone had a good time--even though it took quite a while to clean some of the socks.

One of the outstanding events of the year was the choosing of our class rings. We chose the "Satellite" with the traditional Mt. Elbert crest.

The "Antics of Andrew" was our selection for the Junior Play on November 15 and 16. The entire class helped with the production and the cast did a terrific job of acting. It was well received by the public.

The theme of our Prom was "Moonlight and Roses." Our theme song had the same title.

Three of the "B" Squad cheerleaders were Barbara Carson, Francie French, and Gingie Stout.

All our thanks to Mr. William Kerrigan for the wonderful help and co-operation he has given us!

Oh! Oh! Oh!

The price of Beauty!

# STUDENT COUNCIL

Kathy Hasty, MASCOT. LEFT to RIGHT: Jim Burger, Jack Dwyer, Bob Cerise, Barbara Romaine, Bernice McKittrick, Jean Drobnick, Agnes Faidiga, Jean Motzer, Toni McElroy, Craig Meredith, John Larsh. STANDING: Joe Gornick, Charles Romaine, Mr. Snow, Sponsor; Clarence Gray.

|                               |                 |
|-------------------------------|-----------------|
| President . . . . .           | Charles Romaine |
| Vice President . . . . .      | Barbara Romaine |
| Secretary-Treasurer . . . . . | Bob Cerise      |

The Student Council, which is the students' government, has performed many functions vital to the maintenance of a well-rounded student.

The Council is composed of a class president and two representatives from each class, and the elected officers.

Among its projects were basketball programs, stickers, and bracelets.

Every student as well as the faculty and administration has shown a growing interest in the operation of the Student Council.

In order to have an efficient council, as we have, every member of the student body must do his part to keep the council running efficiently.

# INTERNATIONAL RELATIONS CLUB

LEFT to RIGHT: Richard O'Connell, Beverly Cook, Jean Motzer, Marianne Hibsche, Florence McMahon, Sponsor, Jo Ellen Weber, Jean Meldrum, Lois Nelson, Jim Burger

|                       |                   |
|-----------------------|-------------------|
| President .....       | Jo Ellen Weber    |
| Secretary .....       | Marianne Hibsche  |
| Treasurer .....       | Jean Meldrum      |
| Parliamentarian ..... | Richard O'Connell |

The most important challenges facing us today deal with maintenance of place, economic well being and social justice in a complex, interdependent world.

The aim of the International Relations Club member is to investigate these problems with the goal of obtaining accurate information and forming opinions on possible ways to meet the challenges presented in today's world.

Six delegates attended the 24th Annual International Relations Conference of Colorado High Schools, held at Denver University of December 6-7.

An annual native dish dinner was a festive social function of the club.

# QUILL AND SCROLL

FIRST ROW, Left to Right: Gingie Stout, Jo Ellen Weber, Agnes Faidiga, Barbara Carson, Mary O'Leary. SECOND ROW: Barbara Craven, Beverly Cook, Noreen Kerrigan, Lois Nelson. THIRD ROW: Ardyce Gilna, Betty Lou Cerise, Jean Motzer, Marianne Hibsche. FOURTH ROW: Jean Meldrum, Ann Jean Poderzay, Jim Irwin, Rolland Shubkagel, Miss Joann Carstens, Sponsor.

QUILL and SCROLL is the only honorary club in Leadville High School. Requirements for belonging to this honorary organization are very high. The member must be a junior or senior in the upper third of his class and have 100 inches of copy printed in the school paper, THE PROSPECTOR.

In an impressive candlelight ceremony on May 12, sixteen new members were initiated by the three standing members, Jo Ellen Weber, Jean Motzer, and Lois Nelson.

Sponsor of QUILL and SCROLL this year was Miss Joann Carstens.

The Girl's League is an organization which promotes closer friendships among the girls and aids them in an interest of outside activities and in making life adjustments.

The Girl's League was very fortunate again this year to have Miss Kathleen Roche as its sponsor. The organization, under her direction, has experienced a most successful year.

The meetings are held every second and fourth Monday of the month with very interesting programs planned. Among the many activities planned was the Christmas party on December 9. One of the special events of the year was the Annual Mother's Tea held on April 14. The most important fete, which culminated the activities of the year, was the 1957-58 Spring Dance.

The Latin Club has grown from a membership of twenty-five in 1956 to a membership of eighty-nine. It is second in membership only to the Girls' League.

The Latin Club is a member of the Junior Classical League and initiation was held for the new members at the first meeting in October. This is the second year of membership.

The activities that the Club has participated in are numerous. Six members were privileged to attend The National Junior Classical League in Convention in Colorado Springs on August 13 and 14. On January 16 a slave auction was held. Latin I, II, and III students were sold to other Latin Students and Slave Days were proclaimed for January 17 and 19. The second Annual Roman Banquet was held on April 19. The Latin I students acted as the slaves, Latin II were guests; Latin III, Faculty, and School Board were honored guests.

NOT IN PICTURE: Susan Roll, Jean Ann Miller.

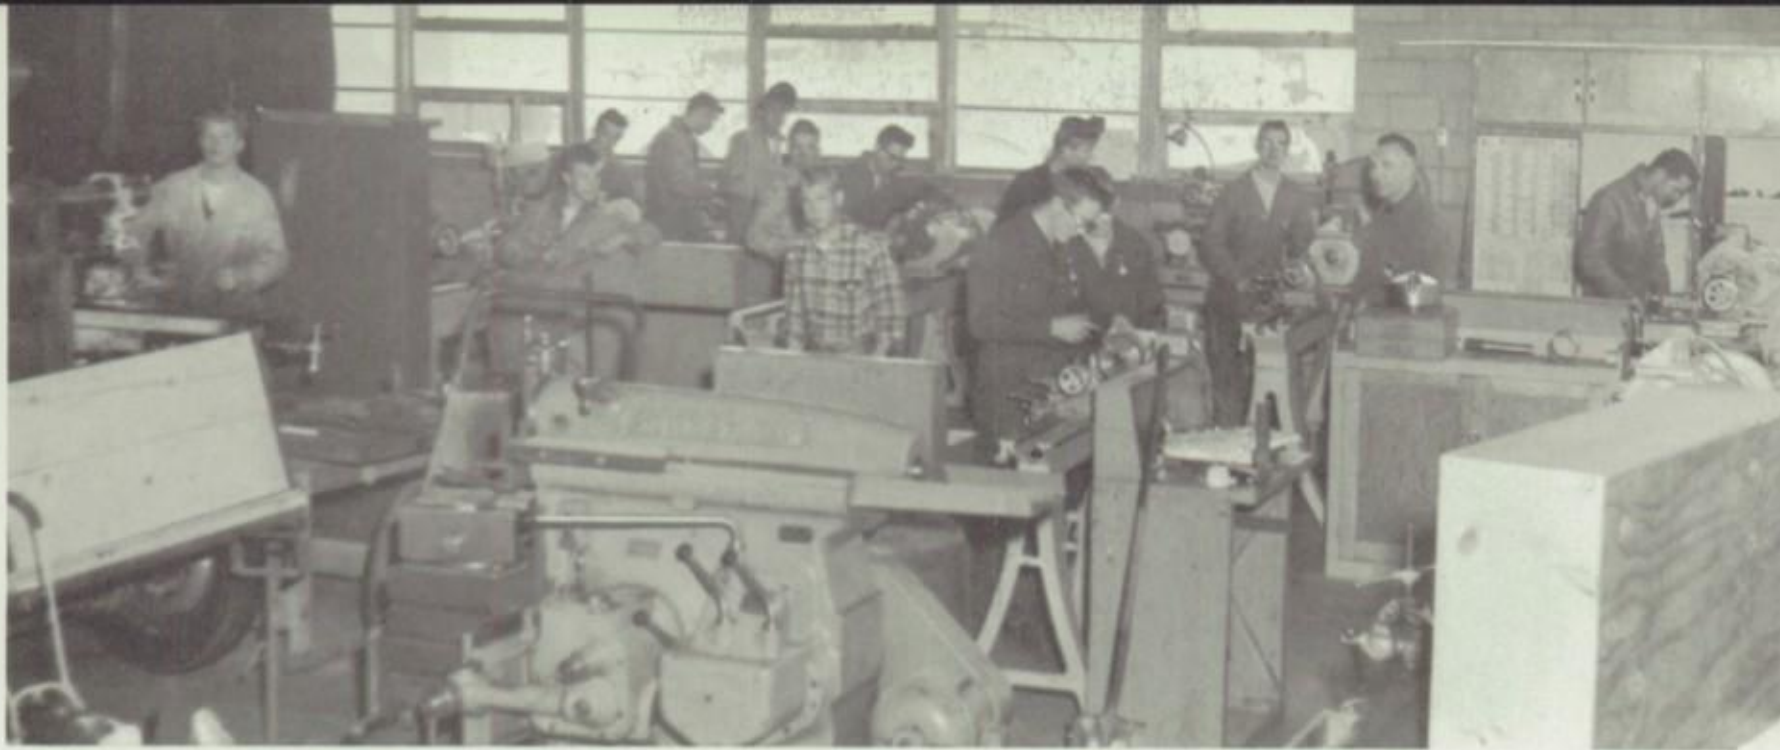

The purpose of this organization is to promote a growing appreciation of the joys and satisfactions of homemaking. Its theme is: Better Living for Today's World.

The club held its annual Christmas Party at which time the entire faculty, their husbands and wives, were invited. They gave a basketball honor banquet and have taken an active part in the Cancer Drive and Air to Crippled Children. It also helps many other school organizations.

LEFT to RIGHT: Leo Champion, LeRoy Freeman, Charles Lasley, Harkless Rochelle, John McGuire, George Conklin, Mr. Stoner, Instructor; Neal Davies, Cornelio Pacheco, Enos Tofoya, Joe Lochnikar, William Nagel, Thomas Marrs, Joe Velikaneye, Eddie Gurule, Donald Conyers.

#### MACHINE SHOP

High School Machine Shop Class learns the basic skills of machine operation and welding. They also study design, and manufacture special projects in metal works.

This year the boys of machine shop toured the different operations of the Climax Molybdenum Company. Mr. Stoner and Mr. Wixon, the shop instructors, accompanied the boys.

#### WOODWORKING CLASS

High School Woodworking Class learns skills of machine and hand woodworking. They also learn to fabricate and build projects for themselves and for school use. They also made the tour to Climax Molybdenum Company. Boys in the High School shops are usually from upper grades in High School and are enrolled on the basis of special interest in these courses. They may enroll in either wood or metal shop or they may spend part time in both shops to gain experience in both metal and woodworking.

Since February, 1955, the Edward C. Elliott Chapter of the Future Teachers of America has been one of the school's most active clubs. Programs and projects aimed at the individual development of each member have been presented and carried out during the year.

Practicing their motto, "Today Decides Tomorrow," seventeen members have participated in programs for individual improvement with teaching as a career in mind. Panel discussions, guest speakers, and individual reports have been presented.

Two predominate activities of the club have been the sponsorship of National Education Week in November and of Colorado Education Week in April.

The high light of the year is the formal initiation of new members.

# DON'T QUIT

When the subject of this speech was selected, I had no idea that its significance would be so vividly demonstrated in a comparatively short time. A few days after I chose my topic, I became hopelessly lost while skiing. Because of their courage, optimism and "don't quit" attitude, the ski patrol and rescue squad were able to bring me and two others to safety, despite waist-deep snow, darkness and hazardous terrain.

Although personal experiences such as this undoubtedly drive home a point, we can also cite numerous examples of the outstanding courage and perseverance of individuals throughout history.

It has been said that Abraham Lincoln was great, not because he lived in a log cabin; but because he was able to get out of it! All through his life, Lincoln worked with undaunted enthusiasm against tremendous odds. He refused to quit.

Ralph Bunche won the Nobel Prize in 1949 and today works constantly for world peace. Mr. Bunche struggles with bitter race prejudice in addition to the many other difficulties he has to overcome as a political figure. However, the fact that he is frequently repelled because he is a Negro has not discouraged the man and today he remains, in my opinion, one of the greatest statesmen in the nation.

It is not only mental attitudes which often pose a serious threat to success, but also physical handicaps. We have many, many, illustrations of persons who have overcome these handicaps and contributed an immeasurable amount of good to the human race. Examples of this are

Helen Keller, Franklin Roosevelt, and Harold Russell. Russell is an author and lecturer who has appeared on radio and TV, showing that even the loss of both hands isn't sufficient cause to "quit."

There are definite mental attitudes which contribute to this "don't quit" attitude. According to Dr. Norman Vincent Peale, the greatest of these is enthusiasm. He says that those who are the best and do the most in life are those who have the power of keeping enthusiasm alive, and that this enthusiasm is not an inborn quality, but one which has to be initiated and carefully fostered throughout life.

Dr. Peale stated,

"If you are now defeated by your weaknesses, your tensions, your fears and your inferiorities, it may be only because you have never discovered the radiant quality of enthusiasm."

For this reason, people should try to comprehend the untapped resource of enthusiasm within them and be enthusiastic about themselves.

William James, psychologist and philosopher said, "Believe that you possess significant reserves of health, energy and endurance, and your belief will help create the fact."

To use another quotation, Elbert Hubbard stated that,

"Things are never as bad as they seem; and all difficulties sneak away when you look them squarely in the eye!"

It is a psychological fact that one can be freed of an undesirable feeling by assuming the exact opposite feeling. Dr. Peale seems to connect this with perseverance when he says:

"Unhealthy thoughts can make you unhealthy; DEFEATED THOUGHTS CAN DEFEAT YOU."

Since we were very young, our parents have fostered this idea within us, both by word and by example. They have tried unceasingly to show the importance of strength and perseverance and the belief that if we face things squarely and attack troubles with unflinching vigor, we will emerge the winners. The same principles have been furthered by our teachers and administrators. It is only now as we begin to assume the responsibilities of adults that we truly appreciate the advice and help we have been given, but it will prove invaluable in the future to all of us.

I think the philosophy of each of us on this graduation day can best be expressed in the poem entitled "Don't Quit":

When things go wrong as they sometimes will  
When the road you're trudging seems all uphill,  
When the funds are low and the debts are high,  
And you want to smile, but you have to sigh,  
When care is pressing you down a bit,  
Rest it you must but don't quit.  
Life is queer with its twists and turns,  
As everyone of us sometimes learns,  
And many a failure turns about,  
When he might have won if he had stuck it out,  
Don't give up, tho' the pace seems slow--  
You may succeed with another blow.  
Success is failure turned inside out--

The silver tint of the clouds of doubt,  
And you never can tell how close you are;  
It may be near and it seems afar;  
So stick to the fight when you're hardest hit--  
It's when things seem worst that you mustn't quit.  
Dear Lord, in the battle which goes on through life,  
I ask but a field that is fair;  
The chance that is equal with all in the strife,  
The chance but to do and dare.  
And if I should win, may I win by the code,  
With my faith and courage held high;  
And if I should fail, may I stand by the road,  
And cheer as the winners go by.

## VALEDICTORIAN

## A Certain Measure of Success

Tonight as we receive our diplomas, we are leaving our adolescent years behind us, and we are well on our way to becoming what we have so distainfully referred to in the past as "adults." When Mark Twain was a young boy he didn't think his father knew very much. In a period of just a few years he believed his father to be a wise man. How could his father acquire so much knowledge in such a short time? He pondered. Like Mark Twain in growing up our attitudes change and we develop an appreciation for the people and things that only a few years ago we took for granted.

Commencement doesn't mean an end, and when we leave here tonight with our diplomas in our hands, and wide smiles on our faces, we are crossing the line into a new period in our lives.

Up until now, we have assumed very little responsibility. Our parents and teachers have thought and planned for us. Their tolerance and understanding has been boundless, and so to them we give a special vote of thanks.

Now after commencement, we will have a chance to do more of our own thinking and planning. Each of us will choose his own courses in life and we will obtain the preparation and training needed to make us a success. The time has come for us to take our places in life as individuals.

Some of us will leave for college, others will seek employment immediately after graduation, and still other members of the class will go into the service. We Americans know that our freedom and liberties must be protected from those who would destroy them. It's most unfortunate that in the world today there are those who, because of greed and lust for power, would make peace in the world uncertain. Nevertheless, we are prepared to defend ourselves against aggression.

We hope to live up to the best that is within us in every phase of our lives. All of us desire a certain measure of success, be it a life of service to others, happiness, respect from our fellow man, satisfactory accomplishments, or money.

We are all thankful that we are young Americans, and as such we have the right to plan and live our lives as we wish. We shall contribute our part toward the maintenance and defense of our American way of life.

This little mountain town means a great deal to us and though many of us will live elsewhere after graduation, Leadville will always be considered home. We think that the following poem expresses the way we feel about Leadville quite well:

I wouldn't trade my little town  
For a dozen Empire States,  
Or a hundred other buildings  
With their stories piled like crates.  
A little town's just big enough  
For me to feel a part;  
And still it is just small enough  
To hold close to my heart!!

--Anon.--

# CO-SALUTATORIAN

# MOST REPRESENTATIVE GIRL

Noreen Kerrigan has earned the high honor of Most Representative Girl for the class of 1958 through her enthusiasm and sparkling personality. Everyone in LHS knows Noreen by her refreshing smile and friendly "Hi." She is always ready to help anyone and is especially active in all class functions. In her Junior and Senior years Noreen was a cheerleader, and she set a fine example of good sportsmanship. Among her many talents is her singing ability. Wherever called upon, Noreen is always willing to lend her voice to the occasion. Noreen is among the ardent ski fans; she has won several skiing honors during her high school years. She was president of FTA this year and worked diligently to make the club a success.

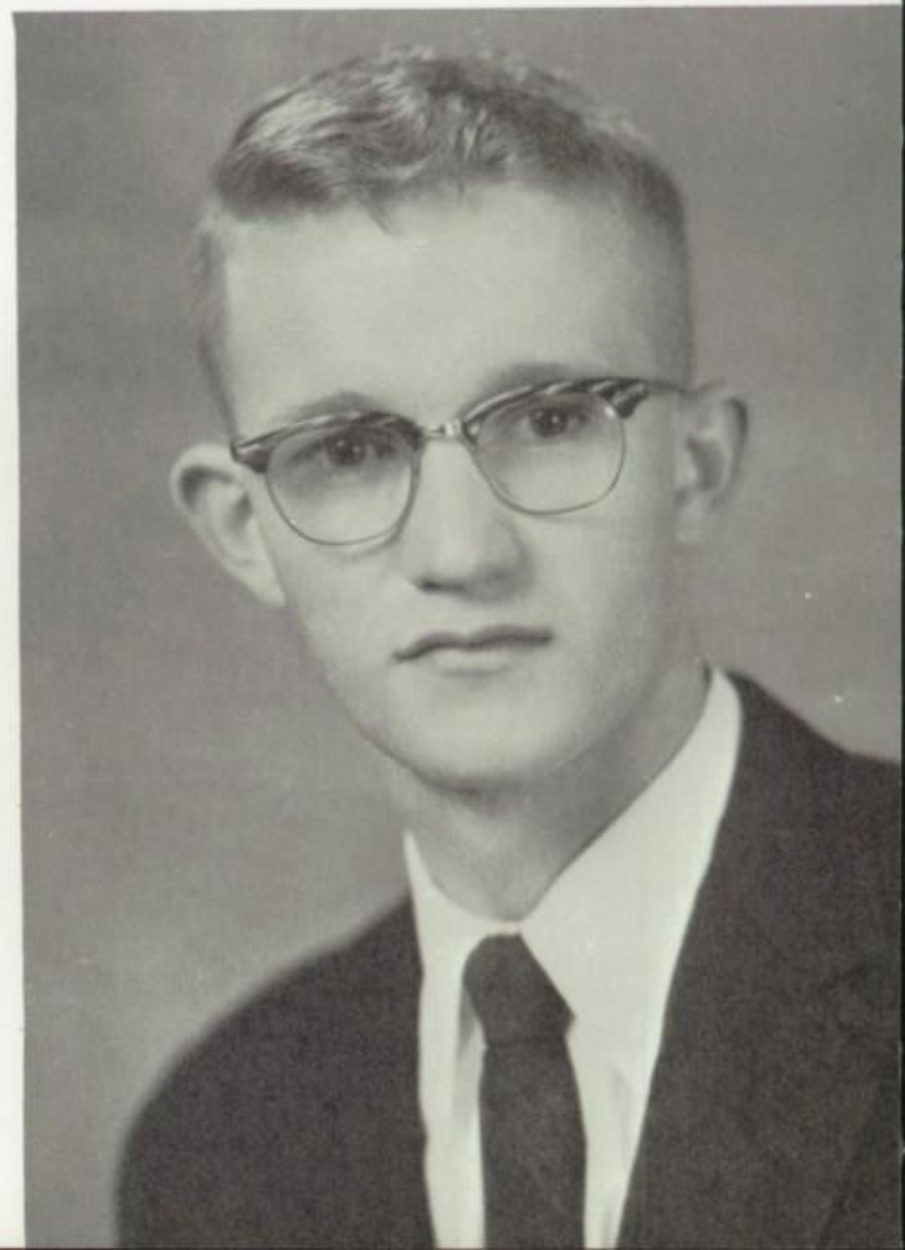

Noreen is planning to go to college after graduation. We all wish her the very best of luck in everything she undertakes.

The Class of '58 is very proud of you, Noreen!

# MOST REPRESENTATIVE BOY

Terry Kelly is known by all for his great willingness to help others, his initiative, and his ability. For these reasons he was chosen as the Most Representative Boy of the Class of '58. The Junior year found him hard at work, fulfilling the duties of Class President. Besides this, he found time to letter in basketball and work untiringly to make our first Roman Banquet a success. Terry joined the ski team in his Senior year and spent a great deal of time working in this sport. Terry is always ready to plunge into activities at school; he can be counted on to give the "push" that is needed to get the ball rolling.

Your class is behind you, Terry, all the way through college and the profession that you have chosen. Good luck; we know that you will achieve your ambitions!

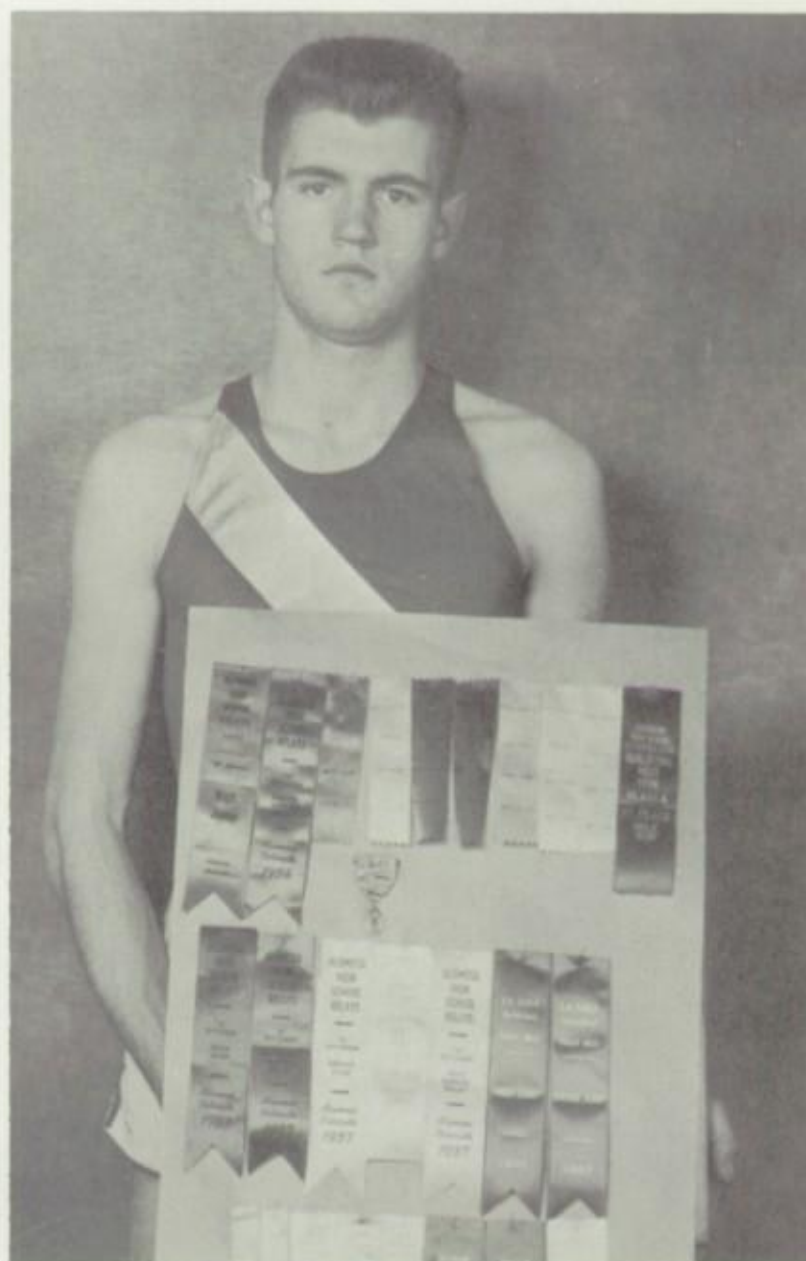

# TRACK CHAMPION

Charlie Romaine, who gained fame as a member of the Panthers, is also a champion in track events. While a sophomore, Charlie placed first in district in broad jumping and mile events and thus went to the State Meet in Boulder.

In his Junior year Charlie went to State again. He took part in the high jump and the half mile, and tied for third place in the broad jump!

Everyone backed Charlie heartily in his work toward State again in his Senior year. Charlie is tops every way!

# SKI CHAMPION

Richard Malmgren has been an active skier in high school for the past three years. The thrill of a life time came in his Sophomore year when he qualified for the Junior Nationals held at Franconia, New Hampshire.

As a Junior, Richard continued to win medals. He attended the American Legion meet in Sun Valley, Idaho and the Junior Nationals in Reno, Nevada, ending the season 12th in the nation.

More races were in order and Richard placed on top. He won medals at Aspen, Climax and Steamboat. Then he went to Winter Park for the Junior Nationals.

Richard has done very well in his skiing career. Students and faculty in LHS are VERY proud of him!

At the Junior Nationals at Winter Park, where boys from all forty-eight states and Canada compete, Richard placed FIFTEENTH in downhill and SECOND in slalom. This gave him a combined rating of SEVENTH in the nation! He also won a place on Colorado's team to be sent to Sun Valley for the American Legion meet.

Congratulations to the Seniors of '58: SHAMROCK DAIRY,  
McMILLAN COAL COMPANY

# READY FOR STATE

## HAVE A LOOK AT THE '58 PANTHERS!

Charlie Romaine, 6'3", Student Council President, was named to the Rocky Mt. News All-State team at the '58 state basketball tournament in March. Charlie is a member of the Senior class and delights in using his humor on girls and teachers.

Jack Dwyer, 5'11" forward, also worked enthusiastically as Senior President. Jack has a unique mania of trying to defeat the girls in any contest he enters! He also has a vocabulary all his own--found in no dictionary.

Six-foot, two inch Ray Zampedri joined the Seniors and the Panthers this year and hails from Superior, Wyoming. Ray plays forward on the team and is noted for his good humor and poise.

Art Baca transferred to LHS from Center, Colorado. Art stands 5'8" and always has a good word for everyone. No wonder he is a popular Senior!

Tom Roberts, a member of the Junior Class, is a 5'8" starting guard for the Panthers. Tom's speed and agility were a great asset to our ball club, and undoubtedly helped him attain his place on the Denver Post All-State team.

Hark Rochelle, also a guard, who stands 5'8", has two loves--basketball and horses. Hark is one of the Panthers "stars," and his excellent horsemanship has been demonstrated especially in the ski-joring during Leadville's Winter Carnivals.

Five foot, nine inch "Tuffy" Gray is a Junior who plans to join the Panthers again next year. Tuffy's most exciting moment in basketball play this season was probably when he made a basket for Leadville which brought our score up to 100!

Leroy Hieter, 6'1", is a terrific forward and has given the Panthers a great deal of support all year. Leroy may also be remembered co-starring with Tom Roberts in the Junior play "Antics of Andrew." Remember their girlish figures?

Larry Pelc is a 6' forward in the Panther lineup. He is a Junior and plans to be with the Panthers next year, too.

Buddy Crowley, another Junior, is a guard and looks to a bright future in basketball. Buddy portrayed the preacher in his Junior play.

John Larsh is the only sophomore on the Panther "A" squad. John plays forward and answers to the name of "Possum."

Wally Tucker, commonly known as "Doc," did a tremendous job as team manager this year. Wally is a member of the Senior class.

The Panthers were extremely fortunate in having coaches Heiko Kuhn and Dick Ferguson. Both men worked tirelessly with the team and received the utmost respect and co-operation from each player. Is it any wonder we had such a wonderful team?

Mr. Kerrigan, Ski Coach, Steve Ferkovich, Terry Kelly, Steve Lani, Richard Malmgren, Joe Weber, and Jim Irwin.

## L. H. S. SKI TEAM

The Leadville High School ski team participated in seven ski meets during the 1957-58 school year--three team meets and four individual race meets. The boys performed very well as they had strong contenders in all events. In team standing they moved from 15th place in first meet to 6th place in the last.

Our first and best competitor was Richard Malmgren, whose outstanding achievements gave him a berth on the S.R.M. team representing this region in a national meet.

Jim Irwin, a senior, had good competing in six meets which took through the tryouts for the national team.

Steve Lani, junior, looked especially good in the jumping events, and shows great promise for next year.

The other three: Terry Kelly, a senior; Steve Ferkovich and Joe Weber, two sophomores, have completed their first year of ski competition. They deserve hardy praise, for they worked all year showing great improvement and a lot of spirit.

## Leadville Ski Team Schedule

|                                     |                        |
